SECRET

11 January 1974

MEMORANDUM FOR: Chief, Western Hemisphere Division

SUBJECT: WHD Project Renewals for FY 1975

1. The phasing out of the Project System has resulted in the elimination of Project Renewals for FY 1975 with two exceptions possibly applicable to WHD projects: (1) those which require 40 Committee review; and (2) those which involve [redacted] activity.

2. In the absence of a major change in activity, none of the Division projects with recent 40 Committee approvals will require 40 Committee review in FY 1975. There will probably, therefore, be no FY 1975 renewals under this exception. [redacted] and [redacted] are the projects which have had recent 40 Committee approvals.)

3. The schedule for the submission to WH/Plans of the FY 1975 renewals for Division projects with [redacted] activity is as follows:

[redacted]

20 June

As of this writing, these are the only Division projects which must be renewed for FY 1975.

* The [redacted] project is being reviewed [redacted] to determine if its status as a [redacted] can be changed.

Declassified and
Approved for Release
July 2000

SECRET

4. Until further notice from the DDO/[redacted] new operational proposals will continue to be submitted in project format as well as amendments to approved projects.

[redacted]
